GDPM Award Process and Contractor Commitment to Section 3 Goals

Procurement under the competitive proposals method of procurement (Request for Proposals (RFP)).

A Request for Proposals (RFP) shall identify all evaluation factors (and their relative importance) to be used to rate proposals. One of the evaluation factors shall address both the preference for Section 3 business concerns and the acceptability of the strategy for meeting the greatest extent feasible requirement (Section 3 strategy), as disclosed in proposals submitted by all business concerns (Section 3 and non-Section 3 business concerns). This factor shall provide for a range of 15 to 25 percent of the total number of available points to be set aside for the evaluation of these two components. The contract award shall be made to the responsible firm (either Section 3 or non-Section 3 business concern), whose proposal is determined most advantageous, considering price and all other factors specified in the RFP.

Procurement by sealed bids (Invitations for Bids).

An award shall be made to the qualified Section 3 business with the highest priority ranking and with the lowest responsive bid if that bid:

(A) is within the maximum total contract price established in the contracting party's budget for the specific project for which bids are being taken, and

(B) is not more than “X” higher than the total bid price of the lowest responsive bid from any responsible company.
